Deploy your agent

After you build your [fulfillment](https://cloud.google.com/dialogflow/docs/fulfillment-overview), you can deploy your agents using the following platforms:

- [Actions on Google](https://cloud.google.com/dialogflow/docs/integrations/aog): Deploy through the Actions on Google console to make your agent available through Google Assistant and related devices.
- [One-click Integrations](https://cloud.google.com/dialogflow/docs/integrations/): Make your agent available through one or more of Dialogflow's platform integrations.
- [Importers and Exporters](https://cloud.google.com/dialogflow/docs/integrations#amazon_alex_a_and_microsoft_cortana): Import your Alexa Skill into Dialogflow or export to Alexa and Cortana.
