

[Node.js](https://cloud.google.com/nodejs/) (<https://cloud.google.com/nodejs/>) [Guides](#)

Node.js on Google Cloud

Learn how to use Google Cloud product libraries and frameworks to build and iterate Node.js apps on Google Cloud.

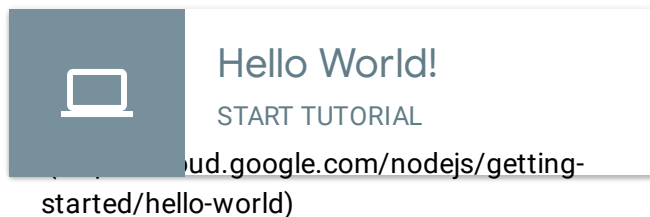

Start building and deploying on Google Cloud with a [free trial](https://console.cloud.google.com/freetrial) (<https://console.cloud.google.com/freetrial>).

Hosting on the App Engine standard environment

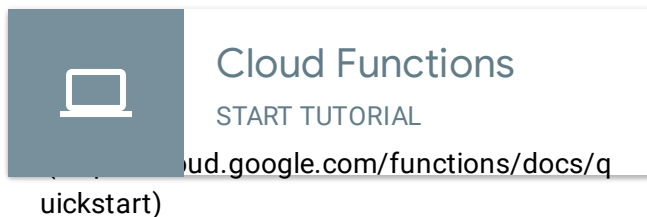

Run Cloud Functions on event triggers

See how to create a small App Engine app that displays a short message.

Learn how to create and deploy Cloud Functions.
