

[Private Catalog](https://cloud.google.com/private-catalog/) (https://cloud.google.com/private-catalog/)

[Documentation](https://cloud.google.com/private-catalog/docs/) (https://cloud.google.com/private-catalog/docs/) [Guides](#)

How-to guides

Beta

This product is in a pre-release state and might change or have limited support. For more information, see the [product launch stages](https://cloud.google.com/products/#product-launch-stages) (https://cloud.google.com/products/#product-launch-stages).

Step-by-step guide

Access control

Understand and use access control for Private Catalog.

(https://cloud.google.com/private-catalog/docs/access-control)

Creating a catalog

Set up a new catalog to share with your users.

(https://cloud.google.com/private-catalog/docs/create-catalog)

Adding a GCP Marketplace product

Add a Google Cloud Marketplace to your catalog that your users can access and launch.

(https://cloud.google.com/private-catalog/docs/marketplace-products)

Adding a Cloud Deployment Manager-based solution

In your catalog, add a solution that your users can launch using Cloud Deployment Manager.

(<https://cloud.google.com/private-catalog/docs/dm-based-solution>)

Sharing a catalog

Share your catalog with your users.

(<https://cloud.google.com/private-catalog/docs/share-private-catalog>)

Viewing and launching solutions

As an end-user, view a solution in a Private Catalog, and then launch it.

(<https://cloud.google.com/private-catalog/docs/view-and-launch>)

Calling the REST API

Learn how to use the REST API to perform Private Catalog tasks.

(<https://cloud.google.com/private-catalog/docs/rest-api-guide>)
