Cloud Router (https://cloud.google.com/router/docs/)
Documentation (https://cloud.google.com/router/docs/) Guides

How-to Guides

Setting Dynamic Routing Mode

Setting Dynamic Routing Mode
Configure whether Cloud Router advertise and propagate routes regionally or globally.
 (https://cloud.google.com/router/docs/how-to/configuring-routing-mode)

Creating Routers

Creating Routers
Create Cloud Routers.
 (https://cloud.google.com/router/docs/how-to/creating-routers)

Establishing BGP Sessions

Establishing BGP Sessions
Establish BGP sessions.

(https://cloud.google.com/router/docs/how-to/configuring-bgp)

Custom Route Advertisements

Custom Route Advertisements
Customize the route advertisements of your Cloud Routers, BGP sessions, or both.
 (https://cloud.google.com/router/docs/how-to/advertising-overview)

Advertising Custom IP Ranges
Customize route advertisements by IP range.
 (https://cloud.google.com/router/docs/how-to/advertising-custom-ip)

Advertising Specific VPC Subnets
Customize route advertisements by VPC subnet.
 (https://cloud.google.com/router/docs/how-to/advertising-subnets)

Removing Route Advertisements
Remove routes that are being advertised.
 (https://cloud.google.com/router/docs/how-to/advertising-removing-routes)

Reverting to the Default Advertisement
Revert to the default advertisements.
 (https://cloud.google.com/router/docs/how-to/advertising-revert-default)

Updating the Base Advertised Route Priority

Updating the Base Advertised Route Priority
Update the base advertised route priority of an existing BGP session.

(https://cloud.google.com/router/docs/how-to/updating-priority)

Viewing Cloud Router Information

Viewing Router Status and Advertised Routes
View the status of your BGP sessions and which routes they're advertising.

(https://cloud.google.com/router/docs/how-to/viewing-router-details)

Viewing Router Configuration
View the configuration of your Cloud Router and its BGP sessions.

(https://cloud.google.com/router/docs/how-to/viewing-configuration)

Viewing Logs and Metrics

Viewing Logs
View Cloud Router events.

(https://cloud.google.com/router/docs/how-to/viewing-logs)

Viewing Metrics
View Cloud Router metrics in Stackdriver.

(https://cloud.google.com/router/docs/how-to/viewing-metrics)

Terminating BGP Sessions

Terminating BGP Sessions
Terminate BGP sessions.

 (https://cloud.google.com/router/docs/how-to/terminating-bgp)

Listing and Deleting Routers

Listing and Deleting Routers
List the routers in your project or delete the ones you don't need.

 (https://cloud.google.com/router/docs/how-to/managing-routers)
