Infrastructure

Take advantage of the same secure-by-design infrastructure, built-in protection, and global network that Google uses to protect your information, identities, applications, and devices.

[Learn more](https://cloud.google.com/security/infrastructure/) → (<https://cloud.google.com/security/infrastructure/>)

Security products

Meet your policy requirements and protect your critical assets with our unique security products and capabilities.

[Learn more](https://cloud.google.com/security/products/) → (<https://cloud.google.com/security/products/>)

Transparency & privacy

You control how your data is used and shared. We [share details](https://cloud.google.com/security/transparency/) (<https://cloud.google.com/security/transparency/>) about our infrastructure, operations, and what's happening with your data.

[Learn more](https://cloud.google.com/security/privacy/) → (<https://cloud.google.com/security/privacy/>)

Security solutions for your industry

Financial services

We certify our products against rigorous global security, privacy, and financial control standards, including AICPA SOC, and meet industry-specific standards like Japan FISC and PCI DSS.

Healthcare & life sciences

We do our part to help you safeguard protected health information, EMRs, and patient data. We certify our products against rigorous global security and privacy standards, and make certain products available under applicable HIPAA business associate agreements.

Government

Our comprehensive security capabilities adhere to government regulations and guidance such as FedRAMP, HIPAA, the NIST Cybersecurity Framework, UK NCSC Cloud Security Principles, Singapore MTCS, and others.

[Learn more](https://cloud.google.com/solutions/government/) → (https://cloud.google.com/solutions/government/)

Retail

We do our part to help you protect personally identifiable information, transaction, and billing data, and certify our products against rigorous global security and privacy standards like ISO/IEC 27001, ISO/IEC 27017, and ISO/IEC 27018, as well as industry-specific standards such as PCI DSS.

[Learn more](https://cloud.google.com/solutions/retail/) → (https://cloud.google.com/solutions/retail/)

Media & entertainment

We certify our products against rigorous global security and privacy standards, which can help support industry directives such as the [MPAA Best Practices Guidelines](https://cloud.google.com/files/gcp-mpaa-compliancemapping.pdf).
(https://cloud.google.com/files/gcp-mpaa-compliancemapping.pdf)

Education

We certify our products against rigorous security and privacy standards and comply with education-specific and child protection laws such as FERPA and COPPA, as applicable.
