

When you receive Transfer Appliance, Google provides you with a capture user name and password to access Transfer Appliance through its console or web user interfaces.

To change the capture password:

1. Open Transfer Appliance Console User Interface.
2. Sign in with the capture user account and password provided to you by Google.
3. Select **Change Password** from Transfer Appliance main menu and press **Enter**.
4. For **Current Password**, enter the current capture user password and press **Enter**.
5. For **New Password**, enter the new capture user password and press **Enter**.
6. For **Confirm New Password**, enter the new capture user password again and press **Enter**.
7. Click **OK** and press **Enter**.

Other configuration tasks available include:

- [Test network connectivity](/transfer-appliance/docs/2.0/testing-network-connectivity) (/transfer-appliance/docs/2.0/testing-network-connectivity)
- [Display network configuration](/transfer-appliance/docs/2.0/displaying-network-configuration) (/transfer-appliance/docs/2.0/displaying-network-configuration)
- [Display Transfer Appliance information](/transfer-appliance/docs/2.0/displaying-appliance-information)
