[Transfer Appliance](https://cloud.google.com/transfer-appliance/) (https://cloud.google.com/transfer-appliance/)

[Documentation](https://cloud.google.com/transfer-appliance/docs/2.0/) (https://cloud.google.com/transfer-appliance/docs/2.0/) [Guides](#)

Testing network connectivity

1. Open the Transfer Appliance Console User Interface.
2. Sign in with the user account and password provided to you by Google.
3. Select **Test Network Connectivity** from the **Menu** and press **Enter**.
4. Enter the IP address of the computer you want to ping and press **Enter**.
5. Click **Test** and press **Enter**.

The system sends four ping requests to the specified computer, then returns information about how many ping requests were successful.
