

[Cloud AutoML Vision](#)

Undeploying your model

After deploying and making predictions, you can manually undeploy your model to avoid incurring further charges.

Undeploy code samples

WEB UI	INTEGRATED UI	MORE ▾
---------------	---------------	--------

Note: Starting September 2019 we will start migrating AutoML Vision users to a new user interface that may affect the steps in this operation. This migration will occur in an on-going basis. See the "**Integrated UI**" tab for instructions using the updated interface.

This feature is not available in the original User Interface. Select the **Integrated UI** tab for instructions on how to undeploy models in the updated UI.
